

Preliminary Programme (Overview)

June 15 Tuesday	June 16 Wednesday	June 17 Thursday	June 18 Friday	June 19 Saturday	June 20 Sunday	June 21 Monday	June 22 Tuesday
	Registration			Registration			
				Bulking & Sampling Committee	Purity Committee	Advanced Technologies Committee	
	Opening Ceremony	Session 2	Session 3 [continued]	Flower Seed Committee	Seed Health Committee	Seed Analyst Training Committee	Ordinary Meeting
	Seed Industry in Germany		Session 4			Laboratory Accreditation & Quality Assurance Programme	
	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break
	Opening Seed Symposium	Session 2 [continued]	Session 4 [continued]	Forest Tree & Shrub Seed Committee	Seed Storage Committee	Discussion on ISTA Strategy	[continued]
	Session 1	Poster Session 2		Germination Committee	Tetrazolium Committee		
	Lunch break	Lunch break	Lunch break	Lunch break	Lunch break	Lunch break	Lunch break
	Session 1 [continued]	Poster Session 2 [continued]	Session 5	Moisture Committee	Seed Vigour Committee	Policy Forum "Harmonized seed testing and global seed trade"	[continued]
	Poster Session 1	Session 3		Statistics Committee	Nomenclature Committee		
	Coffee break	Coffee break	Coffee break	Coffee break	Editorial Board		Coffee break
	Poster Session 1 [continued]	Session 3 [continued]	Session 5 [continued]	Variety Committee	Rules Committee	Policy Forum "Harmonized seed testing and global seed trade" [continued]	[continued]
			Symposium conclusion & Overview on Seed Science in ISTA	GMO Task Force			
Registration			Registration				
Welcome Reception			Official Dinner at Tanzbrunnen Cologne			Reception hosted by the BMELV	

ISTA Seed Symposium 2010: "Application and improvement of established and advanced technologies in seed testing"

Session 1: Technologies for improved seed supply

Chair and lead speaker:
P. K. Agrawal, Prasha Agri Consultants, India

Session 2: Aspects of purity: genetic, technical and physical

Chair and lead speaker:
E. Noli, University of Bologna, Italia

Session 3: Basic approaches to physiological processes in seeds

(in collaboration with the International Society for Seed Science)
Chair and lead speaker:
G. Leubner, University of Freiburg, Germany

Session 4: Approaches to the evaluation and improvement of germination

Chair and lead speaker:
J. Léchappé, GEVES, France

Session 5: Assessment and improvement of seed performance in practice

Chair and lead speaker:
S. Matthews, University of Aberdeen, United Kingdom
